To: Honorable Neil F. Hartigan
Attorney General
Re: Mr. James L. Morgan
Assistant Attorney General
Environmental Control Division
Springfield, Illinois 62706

RECEIVED
IEPA

DEC 29 1989

COLLINSVILLE OFFICE

Dear Attorney General:

This letter is in response to Mr. Morgan's oral request made before in Alton on December 15, 1989.

The Village's sludge lagoons, which constitute the major part of Area C in Area II, were constructed in the mid-1960s following construction completion, were used for the ultimate disposal of Village sludge (and I believe only Village sludge) until they were closed effective August 31.

I didn't become the Village Attorney until May 1, 1969 and, thereafter, didn't become responsible for billing dischargers to the Village PCTW until May 1, 1974, as of which date the Village issued its Revenue Bonds to construct the upgrade which is now known as the "ExChem" plant.

Based on my files of billing forms, which I prepared, the following persons, firms and corporations were dischargers to the Village PCTW in the period of May 1, 1974 to and including August 31, 1980:

AMAX Zinc Company, Inc. (1)
Cerro Corporation (2)
Clayton Chemical Company
Ethyl Petroleum Additives, Inc. (3)
Kerr McGee (4)
Midwest Rubber Reclaiming Co.
Mobil Oil Corporation
Monsanto Company
Rogers Cartage Company
Sterling Steel Castings
Village of Sauget (5)
Wiese Planning and Engineering, Inc.

fn

TW 12-5

- (4) Cerro Grande Big Diner was started
August 1968.
- (5) Cerro Grande Cerro Gaffer Products
Company, a Delaware corporation, is
some unknown time.
- (6) Ethyl was originally known as Ethyl
Cooper, and is now known as Ethyl
- (7) Kerr McGee (originally Morse Americana)
was accepted effective 8/1/78 (see note
5) but was rejected effective 4/1/83
after legal closing.
- (8) Effective May 1, 1978, the Village
ceased billing the following whose
customers were essentially domestic
in nature:

Air Products
Bococheck
James Bond
Miss American Telephone (Kerr McGee)
Hercules
Prestige Beauty
Performing Arts
Sauers & Co.
School District No. 187

I am still attempting to gather definitive information for
the pre-May 1, 1978 period. To date, I haven't even found
the billing records, but I know billings (or some of
them) were billed before May 1, 1974.

Very truly yours,

John G. Baker, Jr.
Village Accountant
